A Message of Hope: Space For Grace...

It is hard to believe that this is the last Sunday in Lent, that just five short weeks ago we gathered for soup and a Service of Ashes where we walked the labyrinth together. It is hard to believe that we are enacting Sacred Distancing and worshipping online and watching the world pause in the face of the COVID 19 virus.

The last two weeks have been a whirlwind. For many it has been a time of intense overwhelm. So much change in so little time. The comforts of family, of freedom, of work and time in the physical presence of other has given way to the discomfort of isolation, boredom of self amusement, anxiety about the future and just too much time online.

But there is also something else emerging. It has caused us all to stop and pay attention differently. I have spoken with people who discovered how much beauty surrounds them as they walk around their neighborhood. I have spoken with people who discovered how Zooming (video calls) is creating connection that they never knew was possible. I have spoken with people who discovered what a gift the days without carpools, soccer practice and play rehearsal are.

On the other side, I have spoken with people who are struggling with too much togetherness, or aloneness. Some are struggling with a loss of identity and purpose. Some are now working 12-14 hours days and struggling with the demands of going virtual. There is so much change happening in such little time.

And yet, there are gifts emerging for us all. As we move through this coming week I invite you to explore the space around you and within you and see where the Grace of God is gifting you. And when you feel that gift, pick up the phone and call or text someone you think could use a little of that Grace. Send a note on FaceBook or email. Offer a space for Grace.

There are two more Sunday's in Lent and then we WILL celebrate Easter, albeit quite differently than before. We WILL welcome the open tomb and the resurrected Christ. We will remember that our Journey on the Asphalt Gospel during Lent will bring a new chapter in our lives and on our beloved planet. And until then, make some space for grace. We are all in this together. God is here with us.

Please take a minute to read the Mayor's 3/25/2020 press release with important information about the Maui County Stay At Home order. While it is difficult to understand why we cannot be around one another if we don't feel sick it is important that we follow the guidelines of the Stay At Home order to enact our love and care for one another.

- DO go outside and walk, stroll, dance, sing, laugh and walk your animals!
- DONT gather with those not already in your household.
- DO wash your hands A LOT!
- DON'T touch your face if you can help it.
- DO pray and ask God how you can help your neighbors while being safe.
- DON'T worry about the future. God is with us so who can be against us?
